## SECRETARY'S REPORT.

---

ON the completion of the sixth year of the Hospital's work, I am glad to report its increased usefulness. With great thankfulness I have to acknowledge an augmented income, which indeed has been a godsend, as our expenditure on new buildings, ambulance, equipment, etc., etc., has cost—as you see by the accounts—nearly £900. We all understood that the late Henry Evans Legacy of £1500 was open, and before this was paid to us we decided to buy an Ambulance and embark on the building of the much-needed dining and sitting room for our Staff, together with another single ward; these contracts were given out last November, and only upon the receipt of the legacy on Dec. 17th did we find by the terms of the bequest that the whole amount was to be invested for endowment. We anticipated taking £500 from this sum, so, as you see, we are about that amount on the wrong side at the bank. I think that this explanation is due to our generous subscribers, who I am sure would have endorsed the expenditure.

Our Ambulance has been in great request and I do not know what we should have done without it. Since its delivery in January we have had an increasing number of cases to deal with. The new engine for the electric plant is working well. You can understand that with the increasing use of current for our X-Ray and Violet Ray plants to be efficient, a greater power supply is needed. During the storm last December our kitchen chimney blew down, falling on to the roof; fortunately the damage was not as serious as it might have been, but we were without a kitchen range for nearly a month. This expense was not anticipated. The chimney has been rebuilt, stayed and strengthened, and will not blow down again.

The work of the staff has steadily increased and we have had a succession of imperative night duty cases and have therefore secured the services of a Staff Nurse, thereby always having an efficient head available when the other is off duty.

On the completion of the new Wing an interesting little ceremony took place on September 6th, when our ever kind Mrs. Dowthwaite was good enough to declare the buildings open in the presence of the Committee. The Matron thanked the members on behalf of the Staff for the new room; everyone then took the opportunity of inspecting our latest addition—the Pathological Laboratory, which interested us immensely; and the district is to be congratulated on having at the Hospital this latest scientific method of combating disease. It will materially assist in discovering the true nature of ailments, by the practical method of

examining germs from diseased organs and any malady of the blood. There are few small institutions of this kind which can boast of a laboratory, and we are to be congratulated in having a staff who are capable of carrying out these new discoveries for the treatment of disease.

The Hospital staff throughout the year have worked well, and our Matron, Miss Pavey, has again to be commended upon her able administration. Our Medical Staff have the highest regard for her ability—in theatre, ward, and every other department.

The following is a record of cases treated :—

Admissions during year: Surgical, 41 ; Medical, 33 ; total 74.

Operations performed by Honorary Staff :—

Appendicitis	...	...	14
Tumours removed	...	...	2
Breasts removed	...	...	3
Hernia	...	...	1
Amputations	...	...	2
Intestinal obstruction	...	...	1
Fractures and accidents	...	...	9
Other operations	...	...	9
		—	41

Tonsils and adenoids: School Clinics, 21.

Discharged patients dressings, 81.

Number of deaths, 4.

X-Ray examinations, 47. Seventeen of these cases were sent by doctors outside our area.

Artificial Sunlight: number of applications, 203. Nearly all this work is done by the Matron.

Average number of beds occupied : 5.

ARTIFICIAL SUNLIGHT.—I am sure that the anonymous donor of this plant will be pleased with the use made of her gift, and even more with the results, which are most encouraging. Again I should like to acknowledge and thank Mr. Pink for all the expert attention and electrical experience that he has gratuitously given to us in connection with this and the X-Ray plant.

On turning to the accounts, I have a much pleasanter review to make this year, at any rate on the income side, as this has increased by about £300 over last year, the figures for which are given for comparison in the Balance Sheet. On the debit side, the outstanding item of £896 for building, Ambulance, equipment, etc., calls for some explanation, and below I give you the figures roughly that make this sum.

Ambulance and Insurance	...	...	£327
New Buildings and Fees (Architects)	...	...	319
Painting outside of Hospital	...	...	79
New Engine	...	...	55
Furniture and new equipment	...	...	84
Copper Water Pipe from road to building	...	...	32
		—	£896

I do not think any other item on this side needs any explanation excepting the increase in X-Ray cost. We had to purchase a 2nd Coolidge tube as a stand by ; the old one fused and the repair and renewal cost about £50.

**Aberdovey** has truly a magnificent record this year,—a collection list of £93, and donations from entertainments, etc., totalling a further £40. Our thanks for and appreciation of the work of this Committee cannot be truly set forth ; all I can say is that it must have meant a lot of organisation and work.

**Abergynolwyn** is to be thanked for a record subscription, and they are indeed to be congratulated, as I understand that work has not been too plentiful in this district.

**Bryncrug.**—The Dysynni Valley Sheep Dog Trials Committee are heartily thanked for their record subscription of £65. Their meeting was a great success, and the business ability and management of the event prove the worth of this Committee. May they still progress.

**Llanegrynn.**—This Committee have again to be commended for an increased subscription list and generous pound day. This is a small village, but they shew that they have the interests of our Hospital at heart, particularly by their Church collection, which I regret is not general throughout the district.

**Towyn** has also an increased list of subscriptions, due again to the excellent work of the V.A.D. ladies.

The organisers of the **Penny Trail, Whist Drives and Dances**, etc., in aid of the Hospital are also heartily thanked.

Mrs. Tudor Jones has as usual shewn her interest in the Hospital, not only with a generous subscription but by arranging a sale of work held at Hafdy in the summer, which realised the handsome sum of £24. Mrs. Jones had engaged the Abergynolwyn Silver Band for the afternoon, and was much touched by the kindly feeling displayed by the members of the band in refusing to accept any payment for their services. We all thank them also.

**Tinfoil and Silver Paper.**—May I make an appeal to subscribers to save this paper and send it to the Hospital from time to time. When we collect a sufficient quantity to pay for the sending we can get a goodly sum for it.

**Endowment Fund.**—This fund has been increased to £1605 during the year. In 1926 we invested from our current account £250 in War Loan. This we have now brought back into our current account by investing only £1250 of the Henry Evans bequest, but thus leaving the £1500 fully invested. (See account).

I cannot close without recording the punctual generosity of Mrs. Dowthwaite, and our heartfelt thanks are hers.

Thanking the Officers, Staff, and Committee for their help at all times,

Yours faithfully,

F. H. AWDRY, HON. SEC.
